STUDY ASSOCIATION

Almost every degree at Utrecht University has its own study association. For the degree of English Language and Culture, the study association is called Albion. It is an organization that has close contact with the department and connects you with your fellow students of English by means of study / career related activities and social events. We also warmly welcome other students to join as a friend of Albion. This opportunity is specifically for students from other departments or Master students.

WHAT IS FRIENDS OF ALBION?

For the small price of €10,00 per year you can become an honorary member of Albion. This will allow you to participate in activities and events and will allow you to become a part of the connections that Albion offers. Not all activities will include the discounts that full members receive, but you will receive a discount at partnering organizations

WHY BECOME A FRIEND OF ALBION?

As Albion is a study association, study related events and career prospects are a very important part of our organization. There are plenty activities to help you with your studies or to assist you in making decisions regarding your career.

BROADEN YOUR ACADEMIC HORIZON

If you are interested in other topics besides your regular lectures, or if you are looking for some more in-depth knowledge, then the symposia would be great for you. They are organized multiple times throughout the year and consist of various speakers who are experts on the topic.

Throughout the year there are also information markets on various topics. They can consist out of career prospects, which deal with what you can do after you have finished your studies, but also bachelor and master markets that provide you with information and experiences about the possibilities throughout your study program.

CAREER POSSIBILITIES

Albion does not only organize informative moments, but also gives you the opportunity to check out some job options for yourself during our field trips. During these visits people who work at a specific organization can tell you all about their experiences. Some

amazing field trips in the past included visits to a printing company, Meertens Institute (research organization) and the Ministry of Foreign Affairs.

As a friend of Albion, you will also gain the possibility to connect with our LinkedIn page, which could benefit your career prospects.

SOCIAL EVENTS

Besides our study related events, there are also (if not more) social activities. Most of them are organized by the activities committee. This committee is in charge of accommodating a very diverse group of students with activities that all can enjoy. Some of the best activities there have been so far include laser gaming, sports, pub quizzes, karaoke night, escape room, and much more!
